4/20/73--Quick Memo to the man who reads the ~~KMK~~ future--Small WG notes in the mailing from you which arrived yesterday can be added to a long record of accurate forecasting. Re your comment on Nixon making it seem he was the victim, did you see Daniel Schorr(?)'s analysis of Nixon's statement on CBS News 4/18? It seems he picked up <u>exactly</u> what GL intended to say, that he was deceived by his staff, esp. Dean. Of course this creates a protection for him. I've little doubt that he had to know, but is there any evidence of it? HR
